

DISTRIBUTION SERIES 2 DC DISTRIBUTION PANEL ICT180S-12IRC MODEL DISCONTINUED

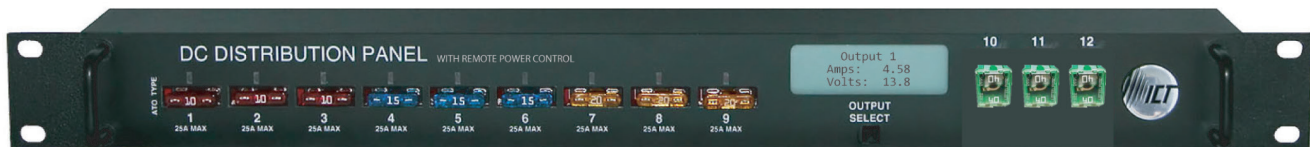

Effective immediately, ICT is announcing the discontinuation of the ICT180S-12IRC model of the Distribution Series 2 product family. This model is replaced by the new and enhanced, ICT180SE-12IRC.

The new ICT180SE-12IRC replacement model offers enhanced features, including SNMP v1/v2c/v3, HTTPS, and TLS1.2 support; user session logout feature; and Network Watchdog enhancements.

Please see the separate Product Bulletin announcing the introduction of the ICT180SE-12IRC and supporting data sheet for more details on this new model.

Model Number Migration Guide

Obsolete Model	Replacement Model
ICT180S-12IRC	ICT180SE-12IRC
